

ONCOWAF

*Site for dog owners
with questions about cancer*

<https://oncowaf.com>

- Site with relevant and independent information on cancer in dogs
 - how to support your dog during his/her treatment
 - what the veterinarian can do for your dog
 - tips on how to communicate with your veterinarian
 - which dog breeds are more susceptible than others to develop certain tumor types
 - ongoing clinical trials

- Facebook group to allow dog owners to exchange questions, experiences and tips

- The site content is intended to be complementary and does in no way replace the advice of your veterinarian

- *Sponsored by the Belgian Animal Cancer Fund*
